

Family Payment Arrangements 2025

Grade Prep/1/2

Dear Parent/Carer

Nicholson Primary School is looking forward to another great year of teaching and learning and would like to advise you of Nicholson Primary School's voluntary financial contributions for 2025.

Nicholson Primary School makes every effort to keep the cost of items and activities to a minimum and affordable for all families.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

This financial support ensures that we can continue to provide and maintain the wide range of subjects, special curriculum experiences, specialist programs, digital learning opportunities which include purchasing of laptops and iPads. It also allows the school to improve and maintain the buildings and grounds.

Curriculum Contribution Items –

There are two options open to parents

1. Through the school as part of a bulk order which will save on costs. They will be assigned to the classes where the teacher will be responsible for distributing the materials to the students. This will enable the teacher to better manage the supplies and prevent loss of materials.
2. Parents purchase independently.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Sue Clague
